

Remote Software Support for your Home Computers and Laptops

A local support service providing you with 12 months unlimited access to our Support Team.

If you experience a problem you can get help and advice by calling our help desk anytime during our opening hours with any software related problems.

What is included?

- Microsoft Windows Operating Systems
- Microsoft Office (excludes any other business software)
- Microsoft Works
- Internet Software
- Graphics Software
- Games Software (excludes 'how to play games')

Benefits

Access to Nevis Computers' Team of experienced support engineers during office hours.

We can provide cover immediately when you order by telephone and you can then speak to our engineers who will help you solve your software issues by either connecting remotely to your computer or providing step by step guidance.

Additionally, as a Support Contract customer you will receive a **10% discount** on all workshop and onsite work.

If you would like to know more about the Nevis Software Support Contract
